

2122 Concession 12, Ripley, ON, N0G 2R0

Sales Agronomy Position

Bluewater Agromart is a full service agricultural retail outlet located in Ripley, Ontario. Our business provides local farmers with agricultural inputs including fertilizer, seed, crop protection products, as well as their application. In addition to this Bluewater Agromart also operates a commercial seed cleaning and treating system which allows our customers to have their own seed cleaned and treated.

We are seeking an individual to assist in our sales department and to work towards becoming a sales person who will steward their own clients and accounts. This person will work with our sales manager and assist him until they are ready to operate independently.

The ideal candidate would have some experience with farming / agriculture and basic knowledge of crop production. They must also possess a strong work ethic and be able to handle a diversity of tasks. Being self motivated and driven are essential to doing this job well.

Responsibilities of the Job:

- Assisting customers in selecting seed varieties for their fields.
- Making fertilizer recommendations.
- Promoting goods, services, and technology that will assist farmers in the success of their operations.
- Co-ordinating shipping and assisting in shipping.
- Scouting fields.
- Setting up plots/experiments.
- Taking orders.
- Completing sales related paperwork.

Skills Required:

- Experience with growing crops or working on a farm.
- Knowledge of Microsoft Office (Excel, Word, Powerpoint).
- Math skills.
- Strong organizational skills.
- Experience using computer accounting software would be beneficial.

**Education in an agricultural or related college or university program would be ideal but not required.

**Sales training will be provided on the job.

How to Apply:

Interested candidates should email a resume to tcruickshank@hurontel.on.ca
