

## Sales Agronomist

**Company:** Sprucedale Agromart Ltd.

**Location:** Tara, Ontario

**Reporting To:** Agronomy Manager

### **Key Responsibilities:**

- Engage with customers in the field crop sector, providing agronomic and crop protection solutions to in-season problems as needed
- Provide timely, thorough, and accurate pricing on approved quotes
- Complete sales planning and reporting as assigned by the Agronomy Manager, including use of the CRM system (Nav)
- Establish, develop, and maintain positive relationships with growers and colleagues
- Actively prospect new customers through on-farm cold calls
- Expedite the resolution of grower problems/complaints to maximize mutual satisfaction
- Co-ordinate sales efforts with operations, administration, and other applicable team members as necessary
- Seasonal deliveries of fertilizer, chemicals, and seeds to growers; assisting with customer warehouse pickup
- Actively participate in continuous learning opportunities (sales, agronomy, fertilizer, seed and crop protection training)
- Competitive salary & benefits provided

### **Knowledge & Skill Requirements:**

- Minimum of 1-3 years of similar experience in the industry
- Excellent communication skills, both written and oral, are required to deal with customers, management, and location team members
- Excellent organizational skills, including time management and priority setting
- Self-motivated and results-orientated, able to meet sales targets with little supervision
- Previous experience in field working including scouting, plots and soil sampling an asset
- Demonstrated focus on meeting customer expectations and working to deliver excellent customer service
- Must be self-driven, self-motivated, and customer service-oriented, while being an effective team player
- Current CCA-ON designation an asset or willing to be obtained

- Proficient in Microsoft Office Suite (Word and Excel)
- Valid driver's license required
